Dear [redacted]

Thank you very much for your clear analytical presentation last Thursday on the Soviet Union's economic potential. Your talk was very well received by the students and faculty and will be of great aid in the course of study of the Thirty-second Class of the Armed Forces Staff College.

It was a pleasure to meet you and talk with you before your lecture. I am sorry that you were unable to have lunch with me afterwards. I appreciate your taking the time from your very busy schedule to visit us.

Sincerely,

*R. H. Wienecke*
